

► **Quality Policies:**

...conforms with ISO 9001 (Quality)

- **Customer focused:**
 - We believe that our customers' success is the most important factor in our long-term success.
 - We will make commitments we fully understand and believe we can meet.
- **Performance driven:**
 - Verify that our products and services meet agreed requirements
 - Monitor, benchmark and continuously improve our business, products and services, organization and employees' performance
- **Fulfill Nexus' Vision, Mission and Strategy**
 - Create innovative, flexible and cost-effective FPSO vessels
 - Develop operational capacity and capability
 - Evaluate customers needs to meet their requirements

► **HSE Policies:**

...conforms with ISO 14001 (Environment) and OHSAS 18001 (Health and Safety)

- Nexus believes that all accidents and events resulting in harm to people or damage to the environment can be prevented.

To achieve this we will put focus on:

- Occupational illness and injuries
- Sick leave trends
- Reporting and investigating incidents and accidents.
- Evaluate potential risks

Nexus shall comply with all Occupation Health & Safety and Environmental legislations that apply to Nexus in our ongoing operations

- **Build and operate FPSO vessels**
 - Nexus insists on a high degree of commitment from our subcontractors to the applicable HSE requirements. We will monitor and evaluate our subcontractors HSE performance
